THE TESTPREP EFFECT

points gained on average, from the first TestPrep diagnostic to the official SAT.

92% scored higher on the official SAT than on their diagnostic · 209 of 227

About the numbers. 227 students with a TestPrep diagnostic and an official SAT score in 2025 and 2026, from at least 41 schools, each counted once. Average score 1,053 on the diagnostic and 1,206 on the official SAT; median gain 140 points.

THE TESTPREP PERFORMANCE ENGINE

Seven steps run for every student, and repeat until the student reaches the target score.
