The Math section did not run. English 510 shows the real level is higher than the provisional total.

A shared goal of around 1,100 to grow toward together, not a guarantee. Jad Sample: Math did not run. A short Math sit sets his real starting point.

One course, taught together, lifts every student.

A shared profile

All four are developing in both sections and gain from the same complete build. Reading and Writing is a shared area to lift.

Each at the right edge

Taught together, with practice set so each student works at the right edge.
