Test Prep

STUDY-PAIR COURSE
BY HOUSE OF PREP
SAMPLE · INVENTED DATA

STUDY-PAIR PRIVATE COURSE · AUTUMN 2026

Your study-pair course.

Two students, one climb.

Lina and Omar start 190 points apart. In a private pair that difference becomes an advantage: one shared spine, depth set for each, and a peer to learn from.

YOUR ROUTE

01 Day one
2 diagnostics

02 The plan
10 sessions · 30 hours

03 The goals
Lina 1,200 · Omar 1,000

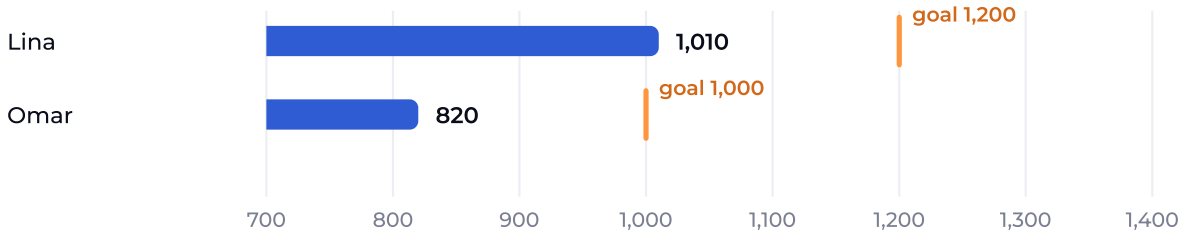

PREPARED FOR
Lina Sample and Omar Sample

YOUR PLAN
10 × 3-hour sessions

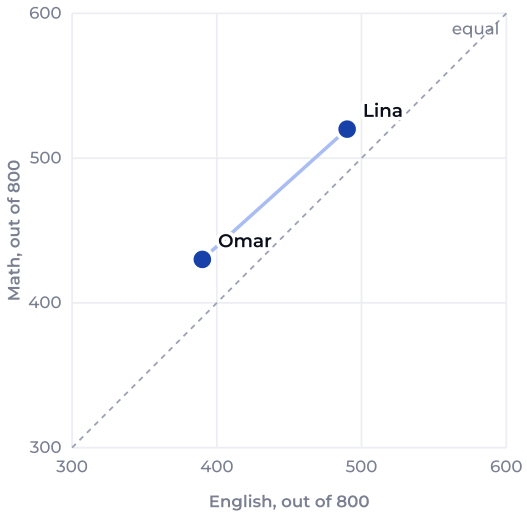

ISSUED
October 2026

Two levels, 190 points apart, one shared profile.

DIAGNOSTIC TOTALS · THE ORANGE MARK IS EACH STUDENT'S OWN GOAL

ENGLISH AGAINST MATH

Lina Sample

1,010 diagnostic

English 490 · Math 520

96 of 98 answered · 84% of the time used

The slightly-ahead peer

Uses the time well. Closes Command of Evidence and nonlinear functions, then extends to harder items.

Omar Sample

820 diagnostic

English 390 · Math 430

93 of 98 answered · 55% of the time used

Building the foundation

Finishes fast, using about half the time: slowing down to work each question with care is his first focus.

Both are a little stronger in Math than in English, so Reading and Writing is the shared lever and one curriculum serves both. Each student keeps their own goal. The goals are directions to grow into, not guarantees.

One plan, taught to two, each at the right edge.

One shared spine

Both need the same core: Reading and Writing first, then the Math core. One curriculum, taught to the pair.

Each at the right edge

The instructor teaches the shared concept, then sets the depth for each: Omar secures the foundations while Lina extends to harder items.

Learning from a peer

Explaining a solution out loud locks it in for Lina, and Omar learns fast from a peer just ahead of him.

Shared accountability

Two students on the same checkpoints keep each other moving.

THE CASE IN ONE LINE

One pair on one spine, taught privately so each works at the right edge, pulling each other upward.

Every session builds the skill, then turns it into points.

Master the content, then the technique: each hour builds on the one before it.

SESSION TYPE 1

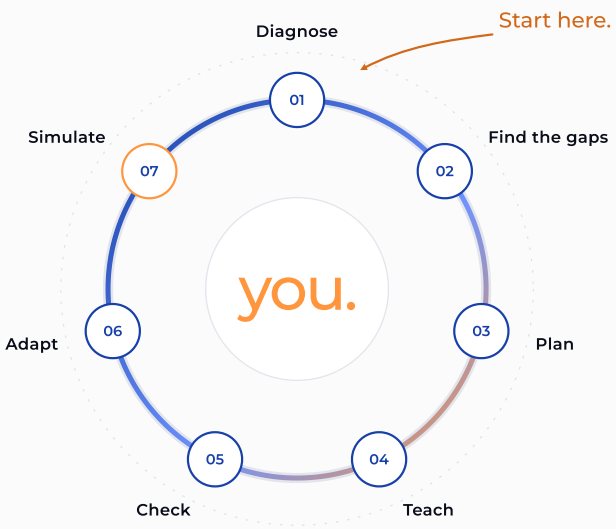

Content mastery

Build the skills, taught before timed: mastery before speed.

SESSION TYPE 2

Strategy & technique

Turn skills into points under real test pressure.

01 **Diagnostic Assessment**
Your real starting point, found before a single lesson.

02 **Performance Gap Analysis**
Every gap mapped by skill, topic and type of mistake.

03 **Personalized Learning Plan**
A roadmap built around your goal.

04 **Targeted Instruction**
Lessons aimed at what moves your score most.

05 **Micro-Assessments**
Short checks that prove each skill has stuck.

06 **Adaptive Optimization**
Your plan shifts as your results do.

07 **Full-Length Simulation & Iteration**
Real test conditions. Then the loop runs again.

20,000+
students trained since 2012

14 years

40+
academic partnerships with schools

UWorld, Kaplan and the AAMC
Lebanon's only exclusive partner for all three

10 sessions, 30 hours, 2 full-length simulations.

A 30-hour shared private plan: one spine, two edges.

Two students taught together, privately · 3-hour sessions · Reading and Writing first, the Math core built, depth set for each student.

Content mastery · Strategy & technique · 00 Full-length simulation

01	CONTENT	English: conventions and sentence structure
02	CONTENT	Math: linear equations and functions
03	TECHNIQUE	Pacing: using the full clock (Omar) and accuracy under time (Lina)
04	CONTENT	English: Command of Evidence, Central Ideas and Inferences
05	CONTENT	Math: systems, equivalent expressions and nonlinear basics
06	CONTENT	English: Words in Context, Transitions and Rhetorical Synthesis
07	TECHNIQUE	Question-type tactics and elimination
08	CONTENT	Math: data, geometry and problem-solving
09	TECHNIQUE	**Timed section drills and a full-length simulation**
10	TECHNIQUE	**Simulation review and next steps**

ONE CONCEPT, TWO EDGES

One shared concept per block, taught to both; then each student works at their own edge.

Omar Sample

Secure the foundations first, build accuracy, and slow down to work each question with care.

Lina Sample

Take the shared concept quickly, then extend into the harder item types and close her two pockets.

Ten 3-hour sessions make 30 hours. Hours follow the pair's test date.

Two students, each on their own ladder.

A
Skills loop
Every 2 weeks
A short skills check: is the material sticking?

B
Progress loop
Every 4 weeks
A full practice section: the gain so far, and the timing.

C
Milestones
At each checkpoint
Re-measure each climb, celebrate it, and re-set the focus.

LINA SAMPLE · 1,010 TO 1,200

OMAR SAMPLE · 820 TO 1,000

Each student climbs their own ladder toward their own goal: goals, not guarantees.

elmy LEARNING SOLUTIONS

Elmy powers all three loops: each student's practice, assignments and error log live on the platform, between sessions.

DELIVERED BY TESTPREP

Test Prep

One team, in your corner.

Every part of this plan, from the diagnostic and the lessons to the checks and the simulations, is delivered by TestPrep on the Elmy platform. One point of contact, one team, one accountability for Lina and Omar's climb.

Precision in the plan. Mastery at every step. Belief in the student. That is the TestPrep difference.

DISCOVER THE FAMILY

The same thinking, everywhere students grow

The precision behind this plan runs through everything House of Prep makes: brands that help students discover who they are, prepare with intent, and perform when it counts.

weguide.™
Helps students discover who they are before choosing who they'll become.

prep me.
Guided study and structured prep for every student.

taleb
University, made manageable.

elmy LEARNING SOLUTIONS
A practice, assignment and progress platform for students.
